MEMORANDUM FOR: Chairman, Fine Arts Commission

STAT

FROM:

Chier, Procurement Division, OL

SUBJECT:

Furniture Substitutions

- 1. Recently, the Procurement Division has encountered a number of problems relating to the procurement of furniture. By way of background, the Agency is required to procure its requirements of furniture from mandatory Federal Supply Schedule contracts negotiated by the General Services Administration (GSA). There are exceptions to using the manadatory schedules such as when the Contractor cannot deliver an item within the required time frame. (Delivery under Mandatory schedules normally takes 120 days.) Therefore, if we know a Contractor who can meet our required delivery date, and we have an acceptable substitute, then we are able to procure the item off schedule
- Many of the items selected by the Fine Arts Commission do not have identifiable substitutes such as bookcases manufactured by the Rishel Furniture Company. At present, we are holding approximately 35 requisitions, representing for the most part bookcases but also including several other types of furniture, all manufactured by Rishel Furniture Co. The contractor has steadily refused to sell these items to us until GSA has negotiated their Federal Supply Schedule contract. The negotiation of this contract has been pending since March 1982 and the latest date furnished by GSA for consummation of the contract is 27 September 1982. If the contract is not consummated prior to the end of the Fiscal Year, the 35 requisitions will have to be cancelled and the customers requirements will not be satisfied. Therefore, your prompt attention to providing acceptable substitutes to furniture shown on the attached list is appreciated. This information is required no later than 22 September 1982.
